

Saturday 22 June 2019

	Convention Hall	Ballroom AB	Lotus 1-4	Lotus 5-7	Ballroom C	Lotus 9	Lotus 12	Lotus 13	Lotus 14	Lotus 11		
08.00-08.30						Half-day Teaching Course: Pharmacological treatment: starter course	Half-day Teaching Course: Epilepsy diagnosis	Half-day Teaching Course: EEG in diagnosing patients with epilepsy (EEG starter)	Half-day Teaching Course: Status epilepticus	Full-day Teaching Course: Neuroimaging		
08.30-09.00												
09.00-09.30												
09.30-10.00												
10.00-10.30												
10.30-11.00												
11.00-11.30												
11.30-12.00												
12.00-12.30												
12.30-13.00												
13.00-13.30		WONOE Symposium	Award Symposium: IBE Golden Light Forum	Talking Shop: Treatment advances in the childhood epilepsies	Talking Shop: Access to treatment in resource-poor countries	Half-day Teaching Course: Pharmacological treatment: starter course	Half-day Teaching Course: Epilepsy diagnosis	Half-day Teaching Course: EEG in diagnosing patients with epilepsy (EEG starter)	Half-day Teaching Course: Status epilepticus			
13.30-14.00												
14.00-14.30												
14.30-15.00		Award Symposium: Michael Prize										
15.00-15.30												
15.30-16.00			Satellite Symposium	Satellite Symposium								
16.00-16.30												
16.30-17.00												
17.00-17.30	Parallel Session: Optimising management of epilepsy in pregnancy	Parallel Session: Making the right treatment choices in newly diagnosed epilepsy	Parallel Session: Childhood comorbidities from mechanism to management	Parallel Session: Application of genetic studies in epilepsy care: genome wide association studies	Parallel Session: Impaired consciousness/ awareness in epilepsy: clinical spectrum and mechanistic approaches							
17.30-18.00												
18.00-18.30												

Sunday 23 June 2019

	Poster Area	Convention Hall	Ballroom AB	Lotus 1-4	Lotus 5-7	Ballroom C	ILAE-YES - Exhibition	
08:00-08:30		Talking Shop: Developing new treatments for pediatric epilepsies and seizures from bench to the clinic	Teaching Session: Focal cortical dysplasia: an update	Teaching Session: Counselling patients with epilepsy, caregivers and relatives	Teaching Course: EEG source imaging – part one: theory	Talking Shop: The International Epilepsy Curriculum - Collaborative input by the Psychiatry Commission and Psychology Task Force		
08:30-09:00								
09:00-09:30	Set up							
09:30-10:00								
10:30-10:30	Posters	Presidential Symposium						
10:30-11:00								
11:00-11:30		Break						ILAE-YES Brainstorming Session: Will artificial intelligence and machine learning replace the epileptologist? Computer intelligence in epilepsy
11:30-12:00								
12:00-12:30		Parallel Session: Autoimmune epilepsies - mechanisms, clinical spectra and treatment	Parallel Session: Neurobiology Symposium: Biological rhythms that modulate the risk of seizures	Parallel Session: Small patients - big challenges: neonatal seizures	Parallel Session: Key neuropsychiatric issues in epilepsy and neurological clinical setting	Parallel Session: Making an impact by empowering persons with epilepsy		
12:30-13:00								
13:00-13:30		Lunch, Posters						
13:30-14:00								
14:00-14:30								
14:30-15:00								
15:00-15:30			Award Symposium: 'Epileptic Disorders' Prize		Award Symposium: 'Epilepsia' Prize - Basic Science			
15:30-16:00		Platform Session: Paediatrics 1	Platform Session: Comorbidities	Platform Session: Neurophysiology	Platform Session: Psychosocial issues 1	Platform Session: Genetics 1		
16:00-16:30								
16:30-17:00		Break						ILAE-YES Career Development Session: How to write an effective abstract
17:00-17:30		Take down	Talking Shop: Individualized medicine for persons with epilepsy and intellectual disability – are we already there?	Ask the Expert: Women issues	Debate: Should laser interstitial thermal ablation be the treatment of first choice for patients with mesial temporal sclerosis?	Debate: Can we rely upon fMRI to localize language and memory when planning epilepsy surgery?	Talking Shop: Advocacy for epilepsy policies and programs	
17:30-18:00								
18:00-18:30								

Monday 24 June 2019

	Poster Area	Convention Hall	Ballroom AB	Lotus 1-4	Lotus 5-7	Ballroom C	Lotus 11	ILAE-YES - Exhibition	
08:00-08:30	Set up	Talking Shop: Novel insights into NMDA receptors in epilepsy: exciting times ahead	Teaching Session: Video-session: is this epilepsy or not?	Teaching Session: Autoimmune epilepsy – clinical diagnosis and treatment: a practical approach	Teaching Course: EEG source imaging – part two: hands-on	Talking Shop: ILAE North America - Gaps and opportunities for collaboration (education, care, research, global health) in the region			
08:30-09:00									
09:00-09:30		Main Session: Infection, inflammation and epilepsy		Main Session: Challenges and solutions in providing epilepsy care					
09:30-10:00									
10:30-10:30	Posters	Break							ILAE-YES Brainstorming Session: Towards an achievable patient-centered research roadmap: why, when and how
10:30-11:00		Parallel Session: Update on the management of status epilepticus	Parallel Session: Update on treatments of childhood epilepsies	Parallel Session: Pros and cons of AED withdrawal	Parallel Session: Imaging epileptogenesis of epilepsy across the lifespan	Parallel Session: Epilepsy in adolescents	Special Session: WHO Global Epilepsy Report		
11:00-11:30									
11:30-12:00		Lunch, Posters		Satellite Symposium		Lunch, Posters			
12:00-12:30		Platform Session: Treatment	Award Symposium: 'Epilepsia' Prize - Clinical Science		Platform Session: Status epilepticus	Platform Session: Surgery	Platform Session: Neuroimaging		
12:30-13:00			Platform Session Adult epileptology						
13:00-13:30		Break							ILAE-YES Career Development Session: How to choose an effective title and write a cover letter
13:30-14:00		Debate: Should we recommend medical marijuana for treatment of uncontrolled focal seizures?	Debate: Can epileptic and psychogenic seizures be more reliably diagnosed in the era of the smartphone?	Talking Shop: Ten things every neurologist needs to know about neuropsychological assessment in epilepsy	Ask the Experts: Treat this	Talking Shop: West Syndrome: Update of diagnoses, etiologies and managements			
14:00-14:30									
14:30-15:00		Take down							
15:00-15:30									
15:30-16:00									
16:00-16:30									
16:30-17:00									
17:00-17:30									
17:30-18:00									
18:00-18:30									

Tuesday 25 June 2019

	Poster Area	Convention Hall	Ballroom AB	Lotus 1-4	Lotus 5-7	Ballroom C	ILAE-YES - Exhibition
08:00-08:30		Talking Shop: ILAE-YES Career Development Session: How to navigate your career path in epilepsy	Teaching Session: Epileptic encephalopathies	Teaching Session: VIREPA courses: EEG (basic and advanced)	Teaching Session: Video-session: focal seizures:	Talking Shop: Treatment and research gap for children with epilepsy in low and middle income countries	
08:30-09:00							
09:00-09:30		Main Session: Novel therapies in epilepsy: a brave new world	Main Session: Improving outcomes in drug resistant epilepsy: what more can we do?				
09:30-10:00							
10:30-10:30	Posters	<i>Break</i>					ILAE-YES Brainstorming Session: Cannabinoids: high hopes for the treatment of epilepsy
10:30-11:00							
11:00-11:30		Parallel Session: Epilepsy surgery: the cutting edge and level of evidence	Parallel Session: Moving beyond the medical management of epilepsy	Talking Shop: Optimizing therapy for Dravet Syndrome: so many choices but what should I pick?	Parallel Session: Neuropsychology: implications for epilepsy surgery	Parallel Session: Epilepsy in the elderly	
11:30-12:00							
12:00-12:30		<i>Lunch, Posters</i>		Satellite Symposium		<i>Lunch, Posters</i>	
12:30-13:00			Award Symposium: 'Epilepsia Open' Prize - Basic Science	Award Symposium: 'Epilepsia Open' Prize - Clinical Science			
13:00-13:30							
13:30-14:00		Platform Session: Paediatrics 2	Platform Session: ILAE-YES Best Presenter Award	Platform Session: Psychosocial issues 2	Platform Session: Neurophysiology / Basic sciences	Platform Session: Genetics 2	
14:00-14:30							
14:30-15:00		<i>Break</i>					ILAE-YES Career Development Session: How to plan a research project and find appropriate funding
15:00-15:30							
15:30-16:00		Debate: Is it advisable to taper medication in well-controlled patients with symptomatic adult-onset focal epilepsy?	Ask the Experts: Diagnose/classify this		Debate: Do the new classifications of seizures and epilepsy improve our ability to classify, diagnose, and treat epilepsy in the clinic?	Talking Shop: Generalised epilepsy genetics: distinct syndromes or murky margins?	
16:00-16:30							
16:30-17:00							
17:00-17:30		Take down					
17:30-18:00							
18:00-18:30							

Wednesday 26 June 2019

	Ballroom C	Lotus 1-4	Lotus 5-7
08:00-08:30	Teaching Session: VIREPA courses: sleep and paediatric EEG	Teaching Course: Teaching course for neurophysiology technicians	Teaching Session: Video-session: generalized seizures
08:30-09:00			
09:00-09:30			
09:30-10:00		Main Session: Applied technology in the future of epilepsy	
10:30-10:30			
10:30-11:00			
11:00-11:30			
11:30-12:00
